

**Stinger Photo 74 "Lt. Col. Simon & VNAF Training Crew"**

**DANANG AB, Republic of Vietnam** - This is the only known photo that has all the USAF crewmembers who had to bail out during a VNAF training mission, which was the last USAF Stinger flight before being turned over to the Vietnamese.

**USAF crewmembers, L to R, back row:** Lt. Col. Ray Wolf (Instructor Navigator and Admin Officer); MSgt Lee Kyser (Instructor FE and Detachment NCOIC); Capt. Barger (Instructor FLIR/NOS); TSgt Leroy Jackson (Instructor Gunner); Unknown (Instructor Gunner).

**Bottom left, kneeling behind VNAF student** is Lt. Col. Roy Simon (Instructor Pilot)

**Bottom right, kneeling, SSgt Bill Isham** (Instructor Illuminator Operator)

*Simon, Wolf, Barger, Jackson, and Isham were on the last flight. Kyser was not with them as he had just qualified the VNAF FE and it was the VNAF FE's first solo flight.*
