Bruce & Jim,
Greetings!

Fell in Truckee onto snow/ice & cracked my skull plus few other things. Been recovering slowly & hopefully will get of neck brace soon.

I'm finally catching up on a couple things.

I realize the Association doesn't provide a lot of support for keeping up with 850, & that you, me, & Jim might be the most interested in it.

But, I do think we need to stay aware of whatever's going on as well as whatever folks like McBlan Lee are doing. I support McBlan but Mike D, Gus, & I discussed the tricky territory involved. We agreed to not post a lot of McBlan's stuff on our AC-119 Facebook or website. I've kinda vetted some of his emails & plan to post some of the more "historical" stories, but not those with a bunch of politics involved. What we don't need is any of McBlan's email addressees jumping in feet first on anything political that could be perceived as "association" endorsed or supported.

Question: are you two interested & willing to be part of an informal group (me, you, & Jim) who keep each other aware of anything related to 850, McBlan, & the Texas Vietnam group? I'll continue to work with the Facebook Admins & will vette stuff for the website posting, but I'd like to have a couple others who can help keep the bigger picture in mind :->)

I do NOT envision "meetings", or lots of emails, etc; simply CC each other when something comes up on 850, McBlan, & the Vietnam Association you met a while back.

Questions?

Yes/No/Maybe?

Thanks! Wayne

This is dangerous political ground.

I want to keep our AC119 web page up to date but only with historical info like the McBlan message we received prior to this one.

I propose Bruce & Jim help with vetting anything Vietnamese on our web, Facebook, & Mail Call.

Lee, Bob. Mac, Bill, & others might want to "pass along" McBlan's messages & I'd sure like to see us do a message to all his AC119 addressees to tactfully keep us from reacting to anything like that.

Getting better but SLOWLY. Wayne
