

Contractor Resources for Reunion Coordinator

All, we probably should put a note in the Reunion Coordinator's Guide:

"You'll get lots of emails & even packets from those who want to market their city for a Reunion. They search all kinds of sites to find out who's having Reunions, then send them the marketing info."

I'd become the keeper of all that info, but Earl will create a separate Web Page within the Board's web pages for this. That way any Reunion Coordinator & Board member will have prior Reunion & Reunion Marketing info in one location on our web.

Thanks! Wayne

Would there be any interest in a reunion in this area? Sending this along for all to see. Thanks, Ev
