All of these folks are on the MCL and it has been updated according to Wayne's instructions. Ron

Wayne Laessig wrote: Guys, I'm attaching a summary table of folks I believe we've stated should be "Honorary" Life Members. Most have received a Life Card but nothing that states it's an Honorary Membership. I'd like us to consider doing that. We voted at the 2003 Association Meeting on the By-Law change that confirmed automatic Honorary Life Membership to next-closest-kin of those we lost in SEA. Other Honorary Memberships are at the discretion of the Board.

1. Please update my summary table
2. Please comment on Honorary Certificates.

Please update BOTH the MCL and Membership Rosters to reflect "Honorary" Life Memberships for these folks; they need to be updated to assure we send them Newsletters etc! Thanks! Wayne

Greetings Gents, We are slowly getting our arms around this "Honorary Life" activity. Here's where I need some help.

1. What was resolved on Item #5: Should I take the "honorary" out of the MCL for Reilly and the Reffners? Was Richard Reilly a Life Member? Did the Reffner's apply for and receive a Life membership?
2. Per Wayne's Word document with his 24 Sep 06 email, did the following folks have Life Member numbers assigned??  
Donna Crews, BG Heinie Aderholt, Karen Graves, Marvin Litke, Lt Col James Cardoso **Thanks Ron**

Wayne Laessig wrote: Jim and Ron, Couple of corrections and clarifications I wanted to run by both of you. I included these edits in the attached "+wl" version.

1. I added the full relationship info for each Honorary Life Member including one correction for Barbara Barker as widow of Rod Slagle.
2. Some Honorary Life Members do not have a number - please assign the "next" Life number to each Honorary that doesn't have a number.
3. Donna Crews was given Honorary Life Membership.
4. Kirsten Giroux is Tommy Hamman's daughter (killed in DaNang Rocket attack) and has Honorary Life Membership.
5. Reilly and Reffners are not Honorary Life Members - this got messed up when one year we had inputs that the spouse of anyone who died should receive or inherit a Life Membership automatically. That was never voted on and somehow we got a few into the wrong category.

Here's what I'd like to do on these:

- a. If Richard Reilly was a Life Member, his wife gets his Life Membership (no voting rights)
- b. Each of the Reffners "want" a Life Membership (Associate) and the By-Laws allow for that; but they told me they could not get Life Membership when they applied and had signed up as Annual Members. Please check what they paid for and we'll get it corrected at the Reunion if needed.

No rush on corrections. I just want the new board to have the correct info. I'm including an updated list I created that shows a little about "why" we awarded the Honorary Memberships as we did. Thanks! Wayne

Hi Ron, I have attached the MML as of Saturday September 23, 2006. I created a copy of v00-Sept06, identified it as v01-Dec06, and will begin highlighting all of the additions/changes for the new quarter in yellow. If you have any other suggestions for improvement, just let me know. JRA
