Ok Gus, I will get this in place & start sending renewal notices as they become due. If there is anyway I can help you on my end, let me know. You are doing a hell of a job. EV

**Subj:** Member Dues & Gunship Association Renewal Policy Change

OK All of the voting members have agreed to having the membership dues, due from the month they pay to the next year same month. So EV it is now on your shoulders and you are in the clear with what you have already started. **Wayne lets add this to the agenda for a by-laws change** OK. Thanks Guy's Gus

Greetings guys! Just returned from 10 more days in hot and humid New Jersey so I'm catching up! I think we owe it to guys to give them a year from the date they start their new membership or renew their membership. EV said he can send out a renewal notice when a member is within a couple of months of expiring. We might even just do it as a month grouping so EV wouldn't need to send tons of individual messages; something that would start out with a message like, "Your membership expires in \_\_\_\_ (whatever month group is being sent).....etc, etc. Let's keep it as fair and simple as we can. The Reunions don't impact this approach since membership isn't a pre-requisite for attending. Yes, we do want them to become members, and only a member can vote, but it's not a requirement for the Reunion itself (and it should not become a requirement). L8R, Wayne

Hi Gus, you are right, it does need approval, sorry. I didn't send it out to the general membership. I need to read policy. Talk later EV

EV This has not been approved by the Board or membership yet!!

You said that you would work up a system and let me look at it before we let any one know about their membership. I have been waiting to hear from you so as I could let the board vote on it and then bring it up at the membership meeting to make a change to the by-laws. The big question is have you let these people know about this yet?

I guess now would be a good time to ask for a vote from the voting members on this> For myself I vote for year to year from the time you pay your dues.i.e. Nov. 2002 to Nov. 2003.

Please let me know how the rest of feel now?!? Gus

Ok, gentlemen, I have figured all the expiration dates of the regular members. I feel like we were ripping some of the members off by having them pay twice in the same year. Some paid a second time within 3 or 4 months of the first payment. I gave these members a credit. In other words, I gave them an extra year on their membership. Hope that sounds right. I will send out a renewal notice when a member is within a couple of months of expiring. It won't be the group notice as in the past. Hope this sounds ok or does someone have a better plan? Let me know. Below is an example of members with expiration dates in October & November. EV

MEMBERS EXPIRATION DATES
